

Essential Visits During COVID-19

This home is currently experiencing an outbreak of COVID-19

If you are an essential visitor, you may still be allowed to visit the home. You will have to be screened before entry. Essential visitors include those performing essential support services (e.g., food delivery, inspection, maintenance, or health care services).

For everyone's protection, you must wear personal protective equipment, including a mask, a gown, eye protection and gloves. **You must wear this equipment at all times while in the outbreak area in the home.**

Please maintain physical distancing, where possible.

Our staff may advise you of additional requirements. You must follow their directions — for the safety of residents, staff, and you.
